U.S. Nuclear Regulatory Commission
ATTN: Document Control Desk
Washington, D.C. 20555-0001

Subject: REGULATORY ENGAGEMENT PLAN REVISION FOR X-ENERGY'S Xe-100 REACTOR

Ladies and Gentlemen,

The purpose of this letter is to voluntarily submit a revision to the Regulatory Engagement Plan (REP) on behalf of X Energy, LLC ("X-energy"). This submission provides additional information to prior X-energy submittals for Regulatory Issue Summary (RIS) 2017-08 (response dated January 16, 2018), RIS 2015-07 (response dated November 23, 2015), RIS 2013-18 (response dated March 28, 2014), and the original REP (dated July 31, 2018).

X-energy's REP contains commercially sensitive, proprietary information and, as such, we are requesting that this information be withheld from public disclosure in accordance with 10 CFR 2.390, "Public inspections, exemptions, request for withholding," paragraph (a)(4). Since Commercially Proprietary Information constitutes much of the reply herein, a public version is not being submitted. Accordingly, *Enclosure 1 is the Non-Public version of X-energy's REP which contains non-redacted sensitive information.* This proprietary information is appropriately marked and an affidavit providing the basis for this request is provided in Enclosure 2.

Sincerely,

Harlan Bowers

President
