RE: U.S. Nuclear Regulatory Commission ("NRC") Materials License 47-31126-01 ("NRC License")

Dear Mr. Irvin:

As previously advised in a letter dated June 27, 2019, The West Virginia Health Care Cooperative, Inc. ("WVHCC") has agreed to assume operation of Summersville Regional Medical Center ("SRMC") from Summersville Regional Medical Center Commission ("SRMCC"), and to lease the properties owned by the City of Summersville Building Commission, (the "Transaction") effective July 1, 2019. The previous letter acknowledged that the formal review process of a Transfer of Control Application dated March 18, 2019, may not be completed on or before July 1 and requested an expedited review and consent based on extenuating circumstances.

The purpose of this supplemental letter is to clarify the operations of SRMC. SRMC recently received a critical access hospital ("CAH") designation on February 1, 2019. SRMC currently operates 25 licensed hospital beds as a CAH and 52 skilled nursing beds, for a total of 77 beds. Please accept this information as a replacement to the original information submitted in the previous letter.

If you have any questions or concerns about this request, please contact me at your earliest convenience at (304) 340-1185.

Sincerely,

Rachel D. Ludwig
