

Table of changes for ATR FFSC SAR Revision 15 (Revised Small Quantity Payload Description)

Section or page no. of change	Material changed	Reason for change
Table 1.1-1, Page 1-2	Revised footnotes 1 and 2	To bring the information in the notes into conformance with the revised description of the Small Quantity Payload in Section 1.2.2.4
Section 1.2.2	Removed specificity from description of Small Quantity Payload.	To bring into conformance with the revised description of the Small Quantity Payload in Section 1.2.2.4
Section 1.2.2.1	Updated figure number (2X) for figure of ATR U-Mo demonstration element.	Several figures were deleted requiring renumbering.
Section 1.2.2.4	Revise description of Small Quantity Payload.	To remove excess specificity. This allows any payload that satisfies key safety basis boundaries to be shipped, without requesting approval based only on a name difference. Explicit exclusion of reactivity-enhancing materials is added to the discussion to ensure that all small quantity payloads are bounded by the criticality evaluation in Section 6.11.
Section 1.2.2.4.1 through Section 1.2.2.4.6	Removed.	The specificity of information in these sections is not necessary given the revised description of the Small Quantity Payload.
Section 1.2.2.6	Updated figure number for figure of Cobra fuel element.	Several figures were deleted requiring renumbering.
Figure 1.2-17 through Figure 1.2-20	Removed.	Figures no longer needed based on removal of Sections 1.2.2.4.1 through Section 1.2.2.4.6.
Section 1.3.1	Revised definitions.	To be consistent with other changes as described above.
Table 2.1-1	Revised description.	To make table entry consistent with revised Section 1.2.2.4.
Section 3.6.2	Editorial updates to table.	To make table consistent with revised Section 1.2.2.4.
Section 3.6.6.1	Editorial revision.	To make description of small quantity payload consistent with revised Section 1.2.2.4.

Section or page no. of change	Material changed	Reason for change
Section 6.11 (page 6-162)	Removed specificity from description of Small Quantity Payload.	To bring into conformance with the revised description of the Small Quantity Payload in Section 1.2.2.4
