LICENSEE:

The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Nuclear Regulatory Commission (NRC) rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are as follows:

- ☒ 1. Based on the inspection findings, no violations were identified.
- ☐ 2. Previous violation(s) closed.
- ☐ 3. The violations(s), specifically described to you by the inspector as non-cited violations, are not being cited because they were self-identified, non-repetitive, and corrective action was or is being taken, and the remaining criteria in the NRC Enforcement Policy to exercise discretion, were satisfied.
- ☐ Non-Cited Violation(s) was/were discussed involving the following requirement(s) and Corrective Action(s):
- ☐ 4. During this inspection certain of your activities, as described below and/or attached, were in violation of NRC requirements and are being cited. This form is a NOTICE OF VIOLATION, which may be subject to posting in accordance with 10 CFR 19.11.

Licensee's Statement of Corrective Actions for Item 4, above.

I hereby state that, within 30 days, the actions described by me to the inspector will be taken to correct the violations identified. This statement of corrective actions is made in accordance with the requirements of 10 CFR 2.201 (corrective steps already taken, corrective steps which will be taken, date when full compliance will be achieved). I understand that no further written response to NRC will be required, unless specifically requested.

Subject: [Ext] NRC Inspection Report - Schlumberger in Nikiski, AK

Mr. McLaughlin,

I'd like to thank you both for your time on Tuesday, July 2, 2019, and your staff during the NRC inspection at the Schlumberger facilities in Nikiski, Alaska on June 6, 2019. As I briefly discussed on Tuesday, the NRC has determined that no violations of greater-than-minor significance were identified. The attached NRC Inspection Reports (NRC Form 591M) document the results of the inspection. There is one report for each of Schlumberger's two NRC licenses; one for the well logging license (42-00090-03), and one for the fixed gauge license (42-27055-01). These do not require you to take any action and you are not required to sign either document or return them. I do however request a courtesy email response from you acknowledging receipt of this email and the two attachments.

If you have any questions or concerns, please do not hesitate to contact me,
