Re: NRC License 42-26891-01
Docket No.: 030-30118
Bankruptcy Notification

Dear Administrator,

Weatherford is making this notification pursuant to the requirements of 10 CFR 30.34(h). As per these requirements, please find the information below.

1. On July 1, 2019, Weatherford International, LLC filed the petition in the United States Bankruptcy Court for the Southern District of Texas, Houston.
2. Weatherford has filed for relief under Chapter 11 of the US Bankruptcy Code.
3. The License RSO will remain in place throughout and after bankruptcy proceedings
4. Weatherford does not plan to change company operations, use, storage or disposition, solely based on the bankruptcy proceedings. To our knowledge, Weatherford will continue normal operations during and after bankruptcy proceeding are complete (i.e., "Business As Usual").
5. Weatherford does not intend on disposing or transferring radioactive sources, solely based on the filing of bankruptcy. This bankruptcy is a financial restructuring only.
6. It is anticipated that Weatherford will emerge from bankruptcy at the end of November 2019.
7. The License RSO will remain the Weatherford contact and update the Department, as necessary, in status changes in radioactive sources other than daily operations, and on bankruptcy proceedings. Additionally, the Department will be notified in any change in the status of use, security and/or storage or the individuals responsible.

If you have any questions related to this matter, please do not hesitate to contact me.

Respectfully,

Christopher Sean Perry
US Radiation Safety Manager
