To whom it may concern:

This letter serves as a request to amend our license (#37-20647-01) to change our storage locations for our Nuclear Density Gauges. We currently have a need to keep gauges on hand at the following locations in Fairfield, CT, respectively:

Gannett Fleming Inc.  
1800 Congress St.  
Fairfield, CT 06824

All NRC requirements for storage will be met and monitored at this location. Records will also be maintained on site, to include amendments to the license.

If you have any questions or require further information, please contact George Howell at 717-439-5849 or Matthew Vaughn at 717-317-3150.
