FREEDOM OF INFORMATION ACT

Docket No. 50-272 and 50-311

In a letter dated October 3, 1973, the Nuclear Regulatory Commission (NRC) (AEC) requested financial information from Public Service Electric & Gas Co. regarding estimated annual cost of operating nuclear generating stations Salem Unit No. 1 and No. 2.

I have been unable to find PSE&G's response to request in the Local Public Document Room in Salem, New Jersey.

Please forward to me the Licensee's response to D. B. Vassallo, Chief, Pressurized Water Reactors, Branch No. 1, Directorate of Licensing (NRC) directed to Mr. P. W. Schneider, PSE&G.

Very truly yours,

Alfred C. Coleman Jr.

Alfred C. Coleman
