Secretary of Commisiion:

NRC PUBLIC DOCUMENT ROOM

Dear Sir:

I would like to petition to intervene against the licensing of Allen Park Ncuclear Plant.

I live within a few miles of the proposed plant and I am very much afraid of the danger it would impose from the possibility of escaping radiation or a melt-down of the cone, also of the increased chance of flooding in my area caused by the dam, and the problem posed of disposal of waste.

I want to participate as a full party and be informed of all events related to this licensing of the plant.

Sincerely,

Dorothy F. Carrick
