RE: WM. H. ZIMMER NUCLEAR POWER STATION  
UNIT 1 - REVISION TO NRJ MATERIALS  
LICENSE NO. SNM-1823

Gentlemen:

The Cincinnati Gas & Electric Company, on behalf of itself and as agent for Columbus and Southern Ohio Electric Company and The Dayton Power and Light Company, requests that the final sentence on page 8 of the Zimmer Nuclear Power Station Unit 1 License Application for Storage only of Unirradiated Reactor Fuel and Associated Radioactive Material (March 8, 1978) be amended to read:

"Fuel bundle handling operations are performed by CG&E personnel or by employees of the Henry J. Kaiser Company, plant constructor, working under the direct supervision of CG&E employees in accordance with approved procedures."

This change is required in that the temporary wheel mounted crane (cherry picker) must be operated by Kaiser employees.

If you should have any questions, please call Mr. G. C. Ficke on (513)632-2570.

Very truly yours,

THE CINCINNATI GAS & ELECTRIC COMPANY
