Briefly state your problem:

I want you to investigate

the Nuclear Regulatory Committee.

We met with them on 8/23/79 for a pre-hearing for licensing 2 Unit at Braidwood, IL. We felt that the NRC is too fast in handing out permits for Nuclear Power Plants.

Braidwood is on Top of shaft mines and has Underground water, besides this we have the Arsenal there, and Morris Nuclear Storage Plant. The same goes for EPA and NEPA.

Action requested: How much longer it will take, that

Agency like this starts listening to the people. We have no Evacuation Plans, the people live so close to the Plant, such plant's should be 15-20 miles away from population.

Actions requested.

I hereby authorize Senator Charles H. Percy to assist me with my problem.

Gisela (Gigi) Topolski

Do you going to help us
not to turn Joliet, Will County Illinois
into a Dumping ground,

Chemical Waste,
Illegally Dumping,
Nuclear Waste.

Morris, Nuclear Storage Plant
and Bradwood, 2nd new Nuclear
plant, sits on a mine - strip - mine.
underneath, and ground water which
could get polluted from radiation.
