

September 28, 1979
Fort St. Vrain
Unit No. 1
P-79218

Mr. William F. Gammill
Assistant Director for Standardization
and Advanced Reactors
Division of Project Management
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Docket No. 50-267

SUBJECT: Technical Specification Change
Table 4.3.10-1 of LCO 4.3.10

REFERENCE: 1) P-77153
2) P-78008
3) P-78062

Dear Mr. Gammill:

This letter is to propose the following change to the Fort St. Vrain Technical Specifications:

1) Table 4.3.10-1 (Attachment 1)

This change supersedes the changes to Table 4.3.10-1 requested in P-77153 (Reference 1), P-78008, Attachment 1, Page 6 of 8, Item Number 5 (Reference 2, and P-78062, Attachment 2 (Reference 3).

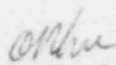

The revised table provides the current identification of all Class I hydraulic snubbers.

In accordance with the provisions of 10CFR170, we believe that the proposed change is amendment fee Class II since it is pro forma in nature.

A draft in the amount of \$1,200 for the fee payment is attached.

We request your concurrence with the proposed revisions as soon as possible. If you have questions, please contact Mr. D. W. Warembourg, (303) 571-7436.

Very truly yours,

O. R. Lee
