Mr. Robert W. Reid  
Chief of Operating Reactors  
Branch #4  
Division of Operating Reactors  
US Nuclear Regulatory Commission  
Room 330, Phillips Building  
Washington, DC 20555

Dear Mr. Reid:

Enclosed are the following documents:

- X. Summary of Major Changes in the Reactor Security Plan, July 1979;  
2. Reactor Restart Report - AGN-201 Nuclear Reactor, Serial #101  
Facility Operating License R-31  
Docket 50-77, August 9, 1979.

When the second of these two documents was completed, in August, copies of both were mailed to you.

Customarily you, by card, acknowledge receipt of such items. As this has not arrived at our office, I am sending you duplicates of the original reports.

Sincerely,

Edward D. Jordan  
Reactor Administrator
