REPORT OF TUGCO, et al., - JULY, 1979

Pursuant to the direction of the Atomic Safety and Licensing Board during the Special Prehearing Conference on June 21, 1978 (Tr. 124-125) in South Texas, and during the conferences in Comanche Peak and South Texas on December 5, 1978 (Tr. 79-90), TUGCO submits this report on discovery during the month of July, 1979.

The principal discovery activities during the month of July were participation in depositions as described in greater detail in the report of Houston Lighting and Power Company. Implementation of a variety of agreements regarding production of documents or lists of documents requested by TUGCO at depositions remain pending. Responses were received from Tex-La to TUGCO's interrogatories.

We have received a supplemental response from the Department of Justice to TUGCO's first set of interrogatories. TUGCO made informal arrangements with the Department to exchange expert testimony and relevant publications. TUGCO also provided its third supplemental response to the Departments' interrogatories and related information requested informally by the Department.

The PUB of Brownsville has still not contacted TUGCO to schedule inspection of documents as previously arranged.

TUGCO received and is preparing a response to a supplemental request for production of documents from the NRC Staff in connection with a deposition which was subsequently deferred.

Supplemental responses to CSW interrogatories were pending in July and dispatched in August.

Respectfully submitted,

Joseph B. Knotts, Jr.
