Mr. Robert W. Reid, Chief  
Operating Reactors Branch #4  
Division of Operating Reactors  
U.S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Reid:

I understand that a model Emergency Plan conforming to the requirements of Regulatory Guide 2.6 is being developed by NRR. I would greatly appreciate receiving a draft copy of this plan to enable us to complete our emergency planning for the W.S.U. TRIGA reactor facility. I especially need guidance for "Action Levels" like those in NUREG-0610 for power plants.

Sincerely,

*W. E. Wilson*
