Event Report 76-11/3L (Follow-Up Report)

Dear Sirs:

We regret we are unable to provide information concerning seismic qualifications of the steam generator level and pressure instruments at TMI-1, as we stated in our letter GQL 0295 of February 27, 1976. Investigations are still being conducted on our behalf by Babcock and Wilcox, and we expect to be able to provide a complete follow-up report by April 9, 1976.

Sincerely,

R. C. Arnold  
Vice President
