DOCKET NO. 50-289

Metropolitan Edison Company, a corporation organized under the laws of the State of Pennsylvania, applicant for an operating license and construction permit for the Three Mile Island Nuclear Station No. 1, hereby amends its application and responds to a letter from Dr. Peter A. Morris dated October 31, 1967.

The amendment is in two sections. Section A contains a revision of the original estimate of the cost of construction of the plant to reflect certain changes in plant design. Section B contains applicant's response to questions one and two in the October 31 letter. Pursuant to Section 2.790(b) of the Commission's Rules of Practice, the applicant hereby requests that Section B be withheld from public disclosure.
