Secretary  
U.S. Atomic Energy Commission  
Washington, D.C. 20545

Attn: Chief, Public Proceedings Branch

Dear Sir:

I would appreciate receiving the notice of the hearing in the matter of the operating license for the Three Mile Island Nuclear Power Station, A.E.C. Docket #50-289, as soon as such a date is determined.

I would also like to request that a minimum of thirty days notice be given before the commencement of the hearing. This time is requested because those involved in the intervention come from at least five counties in Pennsylvania, and to date the Metropolitan Edison Company has been exceedingly uncooperative in supplying the necessary Safety Analysis Reports. Much time and effort will be wasted and much inconvenience will be caused by the continued intransigence of Met. Ed. even if a longer notice is given.

Thank you very much.

Yours sincerely

*Chauncey Kepford*
