IN THE MATTER OF METROPOLITAN EDISON COMPANY
THREE MILE ISLAND NUCLEAR STATION, UNIT I
DOCKET NO. 50-289

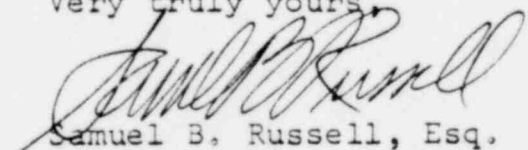

Gentlemen:

The Applicant has received a copy of the Addendum to the Safety Evaluation by the Atomic Energy Commission Regulatory Staff dated April 26, 1968 in the above-captioned matter.

The Applicant has no objection to the incorporation of the Addendum in the hearing record as if read. The Applicant notes, however, that there is a typographical error appearing in the 6th line on page 1 of the Addendum. The proposed Three Mile Island Nuclear Station would be about 2.5 miles southeast of the eastern end of the Olmsted State Airport.

There is enclosed a statement by Mr. Ralph E. Neidig, a witness for the Applicant, who was previously sworn, responding to certain matters contained in the Addendum to the Safety Evaluation prepared by the Regulatory Staff. There is also enclosed a copy of a sworn affidavit by Mr. Neidig attesting to the truth and correctness of the contents of the enclosed statement. The enclosed statement is offered for incorporation in the hearing record as if read.

Very truly yours,

Samuel B. Russell, Esq.
Counsel for
Metropolitan Edison Company
