Commissioner Kennedy
USNRC
Washington , D.C, 20555

In the Matter of Three Mile Island #1 , Permanent Closing.

Sir:

I object strongly to your communication to the ASLE on Docket #50-289 .

It has sullied the record with pointed information that Commissioner Kennedy is being pressured by important outside ~~people~~ people who want Three Mile Island reopened.

I am not a lawyer so I cannot conclude that this Oct 23 communication is illegal; however, I can obviously see that this communication is unfair.

A Commissioner has gone on record stating that outside pressure is being applied to restart TMI#1. The Board is made of human beings. They cannot be so insensitive not to react to the fact that their boss is being pressured.

This unfair communication has sullied the whole proceeding . I request that the whole proceeding be stopped and an independent referee be called in to find out if these proceedings must be restarted with a clean slate.

Maybe , the second time around , the NEC can better understand fairness.
