Dear Ms. DeFreancisco,

As requested by Ms. Betsy Ulrich on July 5, 2019 during a phone conversation with Mr. Michael Borisky, this memorandum formally notifies your agency of our current efforts to replace the Radiation Safety Officer (RSO) currently identified on licenses 19-12056-02, and SMB-141. The currently listed RSO, Mr. Patrick Marine, recently resigned and his last day was June 7, 2019.

As previously indicated to Ms. Ulrich, Mr. Michael Borisky and Ms. Coral Jones are currently performing the responsibilities and duties of the RSO. As you know, Mr. Borisky has been an RSO with ARL since 1981, and gained extensive experience in Health Physics and NRC license management during that time. Ms. Jones was the assistant RSO for Pat Marine for the past 2 years and was involved with and familiar with our licensed activities and Health Physics program at the Aberdeen Proving Ground (APG). While we are working quickly to fill the position, we will use these experienced and qualified personnel to manage the licensed operations.

The hiring package is in the final stage, and we expect to announce the open position within a few weeks. We expect to find and hire a qualified and experienced replacement for Mr. Marine within a month or two. At that time, we will prepare license amendments requesting the new hire as the new RSO for both licenses.

We appreciate your patience and flexibility on this matter. The point of contact for this action is Mr. Michael Borisky, ARL Health Physicist. Mr. Borisky can be reached at 301-394-6310 or email michael.j.borisky.civ@mail.mil.
