PETITION FOR LEAVE TO PARTICIPATE
AS AN INTERESTED STATE BY THE
NEW YORK STATE ENERGY OFFICE

1. The U.S. Nuclear Regulatory Commission (the Commission) caused to be published in the Federal Register on Friday, February 9, 1979 (Vol. 44, No. 29, p. 8392) a document dated February 5, 1979, entitled "Hearing of Application for Construction Permits" for NYSE&G 1 and 2.

2. The published notice involves the application of New York State Electric and Gas Corporation and Long Island Lighting Company for construction permits for two pressurized water nuclear reactors designated as NYSE&G 1 and 2.

3. The interest of the State of New York in the health, safety, economy and environment of its people requires that all matters pertaining to the proposed nuclear power plant be thoroughly considered.

4. Under Section 7-101 of the Energy Law and Section 104 of the Commerce Law of the State of New York, the State Energy Office is given the responsibility for developing a coordinated position among State agencies with respect to Federal regulatory matters and for coordinating the

participation of the agencies and instrumentalities of the State in the regulatory process of the Federal Government where such Federal process affects atomic energy activities in the State.

5. Pursuant to Section 2.715(c) of the Commission's Rules of Practice and Section 274 of the Atomic Energy Act of 1954, as amended, and in accordance with the provisions of the Commission's Notice of "Hearing of Application for Construction Permits" for NYSE&G 1 and 2 dated February 5, 1979, the State of New York, acting by and through its Energy Office, hereby petitions to participate in the noticed proceeding as an interested State.

6. The name and address of the person upon whom service of these proceedings may be made is:

Stanley B. Klimberg
Acting Counsel
New York State Energy Office
