

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

August 27, 2019

**Title:** Meeting to Discuss Risk-Informing Security

**Date of Meeting:** July 23, 2019

**Location:** NRC Headquarters, Commissioners' Hearing Room

**Type of Meeting:** Category 2

**Purpose of the Meeting:** Discuss current and future activities related to risk-informing security

On July 23, 2019, U.S. Nuclear Regulatory Commission (NRC) staff conducted a Category 2 public meeting with external stakeholders to discuss risk-informing security. Approximately 26 people participated in the meeting, with six of them participating via teleconference. The staff presented current NRC activities that use risk insights in the security program and requested input and feedback from the industry and other stakeholders to help inform ongoing and future efforts to risk-inform security. The meeting notice and agenda are available in the Agency-wide Documents Access and Management System (ADAMS) at Accession No. ML19203A067. A list of attendees is provided as Enclosure 1 within this summary.

**Summary of Presentations:**

The NRC staff provided an overview of the ongoing efforts to risk-inform security using the Integrated Action Plan. The Integrated Action Plan is a list of physical and cyber security activities that include elements of risk information. The plan identifies the NRC organization leading the activity, the current status of the activity, estimated completion dates, and brief comments on the activity. The Integrated Action Plan is available at ADAMS Accession No. ML19199A168. The Nuclear Energy Institute (NEI) provided a brief presentation on risk-informing security and emphasized that risk-informing security should focus on "realism." NEI's presentation is available at ADAMS Accession No. ML19200A238.
