Re: Suspension of Construction at the  
Wolf Creek Power Plant, Burlington,  
Kansas.

POOR ORIGINAL

Gentlemen:

This firm represents the Kansas Building and Construction Trades Council. Enclosed please find an original and one copy of a Petition To Suspend Construction which we wish to file on behalf of that client.

You should also be advised that a copy of the enclosed Petition was delivered to your attorney, Mr. Steven Lewis, during the public meetings which were held concerning the above-captioned matter in Burlington, Kansas, on the evening of May 15, 1979.

Our client is prepared to present evidence, including expert testimony, to support the allegations of improper construction and unsafe conditions.

Should you need anything further from this office before you can proceed with the request to issue the show cause order, do not hesitate to contact us. We stand ready to assist your office in every way possible.

Very truly yours,

*Steve A. J. Bukaty*
