Engineering and Construction

Public Service Electric and Gas Company 80 Park Place Newark, N.J. 07101 201/430-8316

May 23, 1979

Mr. Boyce H. Grier, Director
Office of Inspection and Enforcement
U.S. Nuclear Regulatory Commission
Region 1
631 Park Avenue
King of Prussia, Pennsylvania 19406

Dear Mr. Grier:

NRC IE BULLETIN NO. 79-07
SEISMIC STRESS ANALYSIS OF SAFETY-RELATED PIPING
NO. 1 AND 2 UNITS
HOPE CREEK GENERATING STATION

In reply to IE Bulletin No. 79-07 dated April 14, 1979,
we offer the following at this time:

We have reviewed the subject bulletin and are presently
investigating the areas of concern with our Architect-
Engineer, Bechtel Power Corporation. We expect to have
our investigation completed by August 15, 1979 and
will respond to you at that time.

Very truly yours,

TJ Martin
