Attention: Mr. Guy Vissing

Reference: Oregon State University TRIGA Reactor, License No. R-106,
Docket No. 50-243

Gentlemen:

I am enclosing the document that I described on the phone yesterday to Mr. Vissing. It is entitled "Oregon State TRIGA Reactor Operating Procedures (OSTROP) No. 11, Fuel Element Handling Procedures." I believe the section you will be most interested in is paragraph (7) on page IV.11.8 and Figure 1 on page IV.11.8A. If you have any other questions regarding our fuel element handling procedures that are not answered by this document, please let us know.

Sincerely yours,

John C. Ringle
Assistant Reactor Administrator
