Dear Mr. O'Reilly:

Re: RII:JPO
Docket Nos. 50-335, 50-250 & 50-251
IE bulletin 79-01

IE Bulletin 79-01 which dealt with the environmental qualification of class IE equipment, requested a written report within 120 days of our receipt of the bulletin. As discussed with Mr. Vogt-Lowell of your staff, we will be unable to submit this report until July 2, 1979. We considered preparing an earlier interim report, but decided that since the effort involved would likely delay the preparation of the final report, and since the delay in submitting the final report will be relatively brief, we should concentrate our efforts on the completion of the activities and the report requested by the bulletin.

If you or any members of your staff should have any question, please feel free to contact me.

Very truly yours,

Robert E. Uhrig
Vice President
Advanced Systems & Technology
