Dear Mr. Reid:

On previous occasions, the US Nuclear Regulatory Commission has sent several letters to The Dow Chemical Company referencing individuals no longer responsible for the Dow TRIGA reactor radiation program. I have enclosed a copy of one of these letters. Please note that Mr. D. D. Deline has been replaced by Mr. Ralph R. Langner as Chairman of the Radiation Safety Committee. In addition Mr. Tracy W. Parsons should replace Mr. L. G. Silverstein on the distribution list for matters regarding the Dow TRIGA facility.
