Docket No. 50-348

U. S. Nuclear Regulatory Commission
Office of Inspection and Enforcement
Region II
101 Marietta Street, N.W.
Suite 3100
Atlanta, Georgia 30303

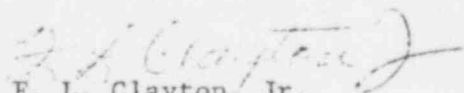

Dear Sir:

Joseph M. Farley Nuclear Plant, Unit 1, Licensee Event Reports Nos. LER 79-022/03L-0, LER 79-024/03L-0, and LER 79-027/03L-0 are forwarded herewith, with three (3) copies each, in accordance with FNP Technical Specification 6.9 to provide thirty (30) day written notification of the occurrences.

LER 79-027/03L-0 is being submitted late due to the inadvertent routing of the incident report and LCO status sheet to an individual not responsible for LER preparation. To prevent late submittals, LCO status sheets are now routed directly to the individual responsible for preparation of LER's.

If you have any questions, please advise.

Yours very truly,

F. L. Clayton, Jr.
