FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-79-233  
REC'd 6-25-79

Dear Mr. Felton:

This is a request for information from your files under the Freedom of Information Act.

As a result of our telephone conversation of June 19, I understand your office has custody of operator license examinations and test results for Duke Power Company's nuclear power plants.

Subsequent to our conversation, I discovered that a summary of examination test results was prepared and presented to the Commission on April 20, 1979. That list included examinations administered to employees of Duke Power's Oconee plant on January 25, June 27, and December 12, 1977, and February 15, July 24, and November 21, 1978.

Pursuant to Public Law 93-502, I am requesting a copy of that summary sheet of power plant operator exam results, as submitted to the Commission, including the results of examinations of operator candidates at all other power plants mentioned.

I also am requesting copies of the actual nuclear plant operator license examinations and test results for any other Duke Power Company employees administered between January 1, 1975, and the present. I am not requesting the examination papers for exams included in the aforementioned summary. Please include any other summaries, quantitative, or qualitative evaluations of the Duke Power examinations as may be in your files for that period.

My requests do not include the names of the operator candidates taking the exams.
