Docket No. 50-482

(Wolf Creek Generating Station,)
Unit No. 1))

APPLICATION FOR AMENDMENT OF
CONSTRUCTION PERMIT NO. CPPR-147

Kansas Gas and Electric Company and Kansas City Power & Light Company ("Permittees") are presently the exclusive owners and constructors of the Wolf Creek Generating Station, Unit No. 1 ("WCGS") and the holders of Nuclear Regulatory Commission Construction Permit No. CPPR-147. By this application, Permittees and Kansas Electric Power Cooperative, Inc. ("KEPCo") respectfully request that the Nuclear Regulatory Commission amend Construction Permit No. CPPR-147 to include KEPCo as a co-owner of WCGS and a co-holder of the Construction Permit, consistent with the agreements between Permittees and KEPCo as hereinafter described. Kansas Gas and Electric Company will retain exclusive responsibility for the design, construction and operation of WCGS.

2 Financial Qualifications

a. Agreements

Permittees and KEPCo intend to enter into agreements providing for their joint participation in the ownership of WCGS. The principal elements of the agreements are that Permittees will sell to KEPCo a 17% undivided interest in WCGS and its common facilities. The purchase price to be paid will be 17% of the Permittees' costs incurred through the date of closing. The intended closing is to be no later than March 31, 1980. The source of KEPCo's interim financing is National Rural Utilities Cooperative Finance Corporation. The sale is conditional upon receipt by KEPCo of satisfactory long-term financing and receipt of certain governmental approvals. An alternative later closing date, June 30, 1980, is conditionally provided in the event that KEPCo fails to receive the contemplated long-term REA loan guarantee but obtains a satisfactory long-term loan elsewhere. On the closing date the percentage undivided interest in WCGS will be Kansas Gas and Electric Company 41.5%, Kansas City Power & Light Company 41.5%, and KEPCo 17%. Kansas Gas and Electric Company will be appointed Operating Agent.

b. Source of KEPCo Payments for Ownership Participation in WCGS

KEPCo's source of capital to fund its share of WCGS is intended to be a 35 year loan, approved and guaranteed by the Rural Electrification Administration, from the Federal Financial Bank.

c. Financial Statements

The most recent audited financial statement of KEPCo is attached to this application as Appendix B.

3. Security Agreement

KEPCo agrees, pursuant to 10 CFR §50.37, that it will not permit any individual to have access to Restricted Data until the Civil Service Commission shall have made an investigation and a report to the Nuclear Regulatory Commission on the character, associations and loyalty of the individual, and the Nuclear Regulatory Commission shall have determined that permitting such person to have access to Restricted Data will not endanger the common defense and security.

4. Communications

Kansas Gas and Electric Company will continue to be solely responsible for communications with the NRC related to WCGS. Accordingly, all communications to Permittees and KEPCo pertaining to WCGS should continue to be sent to:
