Docket No. 50-423

Gentlemen:

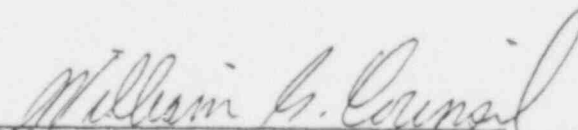

SUBJECT: Millstone Unit No. 3
I.E. Bulletin No. 79-11

Reference (1) B. H. Grier letter to W. G. Council dated May 22, 1979.

Reference (1) transmitted the subject I.E. Bulletin to Northeast Nuclear Energy Company requesting appropriate action. The resulting investigation has shown that no Westinghouse type DB-50 and DB-75 breakers will be used in Millstone Unit No. 3 safety-related systems.

Very truly yours

NORTHEAST NUCLEAR ENERGY COMPANY
