Dear Mr. Welding:

This refers to your application dated May 20, 2019 requesting to replace the Radiation Safety Officer (RSO). We reviewed the request in accordance with NUREG-1556, "Consolidated Guidance About Materials Licenses", Volume 11, Revision 1 and Volume 7, Revision 1. We determined that we will need additional information regarding the training and experience for the proposed RSO, Ms. Mary Beth Greendonner, to complete our review. We sent you a letter dated June 25, 2019 requesting for additional information.

You submitted letters dated June 27, 2019 and June 28, 2019 providing some information related to Ms. Greendonner's training and experience with your licensed materials and uses. Additionally, the letters also stated that you will continue to be the RSO until a qualified RSO is named in the license.

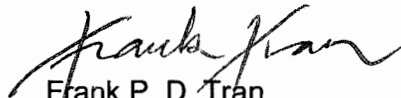

Based on the letters as discussed above, we have voided your request. This action is without prejudice to resubmission. If you resubmit your request, please state that the resubmission is additional information to Control Number 612298. For your reference, the training and experience for the RSO for the type of your license are discussed in Section 8.7.3 of NUREG-1556, Volume 11, Revision 1, and in Section 8.7.1 of NUREG-1556, Volume 7, Revision 1. In addition, please provide a copy of the delegation of authority for RSO signed by the proposed RSO and the licensee senior management. A sample of the delegation of authority for RSO is in Appendix D of NUREG-1556, Volume 11, Revision 1.

If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9887.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management

System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank P. D. Tran". The signature is fluid and cursive, with the first name "Frank" being more prominent.
