Subject: RE: RE: [ACTION] CN 611699 Indiana Regional PET Renewal Application

Kiayona,

There is a little bit more information I need. Please provide the following by July 25 via email in a separate document.

- 1) Delegation of authority for RSO
- 2) Description of radiation instruments used
- 3) What, if any, changes have been made to facility in terms of equipment and shielding

If you have any questions please contact me at your convenience.

Respectfully,

Daniel C. Strohmeyer, CHP
