Subject: [External_Sender] Re: NUCLEAR REGULATORY COMMISSION LICENSE TERMINATION: ADDITIONAL INFORMATION REQUIRED

Michelle,

Here are the termination letter (on my letter head) and the form 314,
Pacific Testing services closed its doors on April 15th for good.
we transfered the Troxler gauges to Earth Engineers.
They would have had to perform leak test to receive them.
Pacific Testing was also inspected by the NRC on March 19th, and they found no violations.
I have contacted Earth Engineers to obtain the most current leak tests , with no luck.
We have no personnel there anymore and I'm currently living in Pennsylvania.
I don't know how much more I can due , to resolve this .
See the attached forms.
Please let me know what more to do.
