

The Graphic itself should not include a title – the title should be presented in a Word Caption block to facilitate program automation and formatting functions.

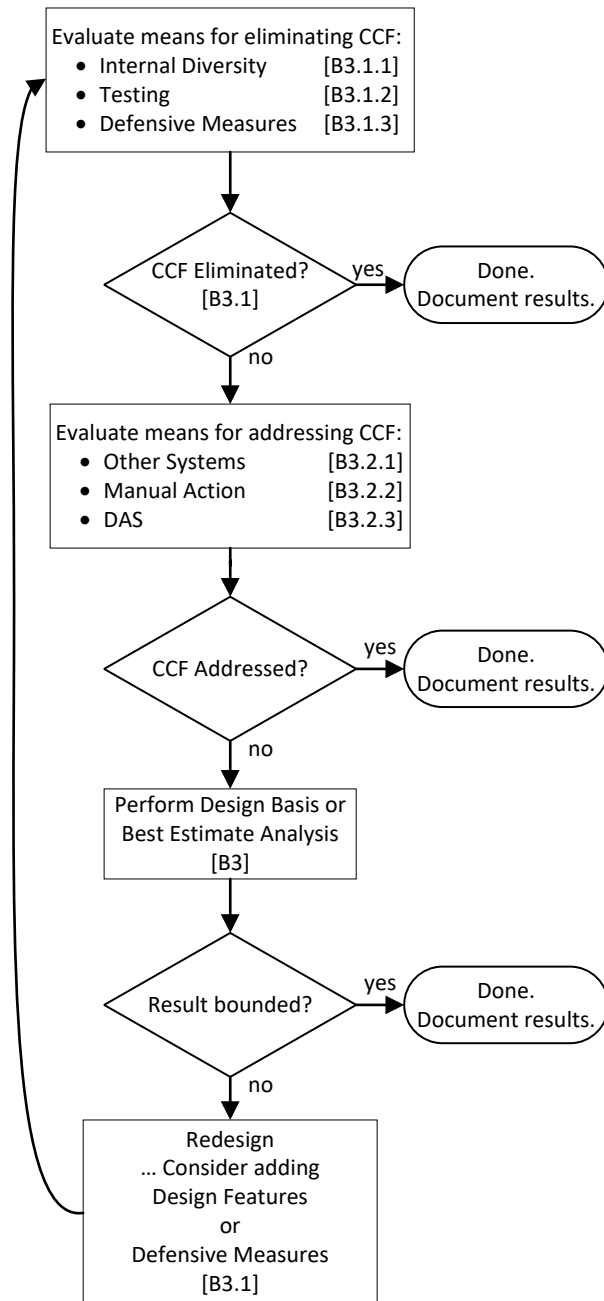

A recommended title would be something like this:

A Process for Evaluating Potential Loss of Function due to CCF that Could Result from the Use of Digital Technology.

This is intended to tie the figure to the scope of the BTP.

SSC is Category A1 [B2.1]

Perform D3 Assessment [B3]

SSC is not Category A1 [B2.1]

Perform Qualitative Analysis [B4]
