Reference: Materials License No. 19-35269-01 / Docket No. 030-38869
New Radiation Safety Officer for EBA Engineering, Inc.

To whom it may concern:

I am contacting the U. S. Nuclear Regulatory Commission to inform you that I will be retiring from EBA Engineering in October, 2019. Candace Z. Rios will be replacing me as the new Radiation Safety Officer (RSO). Her contact information is: candace.rios@ebaengineering.com and 410-504-6126 (D). Copies of her RSO training and Portable Nuclear Gauge Safety & U.S. DOT Hazmat Certifications are attached. Please send all license related documents and invoices to her attention at our corporate headquarters located at 6100 Chevy Chase Drive, Suite 200, Laurel, Maryland 20707.

Should you have any questions or concerns related to this matter, please do not hesitate to contact me at 410-504-6123 or joe.wallace@ebaengineering.com.

Sincerely,

EBA Engineering, Inc.

Joseph L. Wallace, RSO
Senior Manager, CMI Division

Memorandum

6100 Chevy Chase Dr., Suite 200 | Laurel, MD 20707
(410) 358-7171 www.ebaengineering.com

To: Candace Rios, Project Manager and RSO

cc:

From: Rizwan Siddiqi, President

Date: August 7, 2019

Subject: Radiation Safety Officer Duties

As you are aware, EBA is committed to the health and safety of all its employees in the area of radiation exposure. It is therefore important that as EBA's appointed Radiation Safety Officer (RSO), you are aware of the support of all your fellow co-workers on the EBA management team. As EBA's Radiation Safety Officer please be aware that you have the independent authority to carry out all RSO duties including the design and implementation of a safe and well-orchestrated program. It is important that you set aside the needed time in your schedule to fulfill these tasks.

If you should have any major concerns or should require assistance on this issue, please do not hesitate to discuss this with me or during our weekly officer's meeting.

Candace Rios, RSO

North East Technical Services, Inc.

Certifies that

Candace Rios

Has successfully completed North East Technical Services, Inc. Radiation Safety Officer Training Course for Nuclear Gauges, in accordance with Nuclear Regulatory Commission and current US DOT regulations.

Training materials are maintained at:

North East Technical Services, Inc.
75 Aileron Court, Suite 4
Westminster, MD 21157

Date of Completion: May 15, 2019

Instructor: Kelli Rill

APNGA Portable Nuclear Gauge Safety & U.S. D.O.T. Hazmat Certification Class

Certificate of Completion to:

Candace Rios

HAZMAT refresher training is required within 3 years after today's date:

August 7, 2019

This course covers training criteria of NUREG 1556. The Agreement States,
and 49 CFR 172. Subpart II.

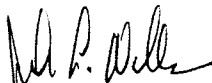

The Company RSO completes the training requirements by familiarizing the employee with:

- State specific regulations including introduction to the state regulatory website
- The company radiation safety program, specifically gauge safety operating and emergency procedures
- A tour of storage area with emphasis on security, documents and postings
- Loading, security and transporting gauges in company vehicles
- Hands-on training with the gauge and methods in use by the company
- Introduction to gauge safety content on gauge manufacturer website
- Certificate covers both Gauge Safety and USDOT HAZMAT requirements

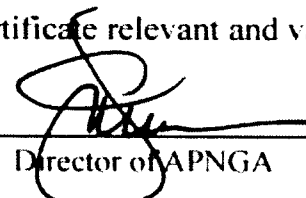

The acknowledgement and signature of the RSO/Official makes the training and certificate relevant and valid.
