Hello Angelita

We have reviewed your responses to our comments on the GCAP Workplan (Agencywide Document Access and management System [ADAMS] Accession Number ML19186A270) and do not have further comments. I would note that the comment regarding the sampling results for location 0780 and 0781 should have been more clear in that it referred to a discussion of the results, not that the results were not in the workplan. Please let me know if you have any questions.
