In the Matter of  
Long Island Lighting Company  
(Shoreham Nuclear Power Station)  
Docket No. 50-322

Dear Members of the Board:

Technical and legal representatives of the Applicant, the NRC Staff, and Suffolk County (SC) are engaged in a continuing series of meetings in order to facilitate informal discovery by SC, as well as to resolve or particularize SC's contentions. These parties intend to use the meetings to produce a series of stipulations regarding SC's contentions.

The first of these stipulations, dated June 5, 1979, requests that the Board accept the parties' agreements (a) that twelve SC contentions will not be pursued any further in this proceeding and (b) that the Applicant will meet certain conditions. At the request of the parties, this stipulation is forwarded to the Board for its consideration.

Yours truly,

*F. Case Whittemore*
