

July 18, 1979

Dear Dr. Denton,

Please consider the opinion of the people in Exeter, New Hampshire who I have spoken to. Please consider my opinion also.

We think that the drawing up of an evacuation plan by the Public Service Company of New Hampshire and the Nuclear Regulatory Commission for the safety and welfare of the seacoast citizens is necessary. The plan should be implemented or construction of the plant should cease.

Yours very truly,
Fiona C. Gallagher
