Docket No's. STN 50-510 & 50-511

Dear Sirs:

I am a resident of Newton County and have been for 47 years.
Now, I am deeply concerned about the future of our county.

I am strongly opposed to the proposed construction of the
Blue Hills Nuclear Power Plant. It poses a threat to the
people of the county through environmental contamination;
not only to the present generation but for generations to
come.

The industry will insist there is no need for concern but
plainly there is. The nuclear accident at Three Mile Island,
Pennsylvania proved this.

To those of you who are members of the Nuclear Regulatory
Commission I beg you to reconsider and not construct the
Blue Hills Nuclear Power Plant in Newton County.

Sincerely,

Mrs. Eddie W. Winson
