Subject: WPPSS NUCLEAR PROJECTS NOS. 1 & 4
IE BULLETIN NO. 79-09
DOCKET NOS. 50-460 AND 50-513

Reference: Letter, R. H. Engelken to N. O. Strand, April 17, 1979.

Dear Mr. Engelken:

WPPSS has reviewed the subject IE Bulletin and submits the following in response.

It has been determined that there are no GE Type AK-2 circuit breakers used or planned for use in safety-related systems at the WNP-1 and 4 facilities. Please contact me should you have any question in regard to this response.

Very truly yours,

D L Renberger
