Jamesport Nuclear Power Station - Units 1 & 2
IE Bulletin 79-04
Docket Nos. 50-516
50-517

Dear Mr. Grier:

In reply to Inspection and Enforcement Bulletin No. 79-04, we have reviewed the Jamesport Nuclear Power Station (JNPS) design and submit the following response.

Purchase Orders for swing check valves have not been placed for JNPS. Nevertheless, we will ensure through our Quality Assurance programs, that the vendors selected for swing check valves in Seismic Category I piping systems have an acceptable method for determining and verifying the correct valve weights.

Should you require further information, please do not hesitate to contact us.

Very truly yours,

R. E. Plaskon
Assistant Project Manager
Jamesport Nuclear Power Station
