STV JUST LEARNED THROUGH MEDIA SOURCES THAT YET ANOTHER SERIOUS HEALTH AND SAFETY SITUATION EXIST AT MARBLE HILL (STNS 46-47), A CEMENT POUR RATE FAR EXCEEDING SPECIFICATIONS. WE UNDERSTAND NRC ALSO KNEW OF SITUATION SEVERAL MONTHS AGO YOUR OWN SPECIAL INSPECTION TEAM HAS ORDERED CEMENT POURING STOPPED BECAUSE OF OTHER IDENTIFIED CEMENT PROBLEMS STV CANNOT UNDERSTAND WHY THE NRC DID NOT MOVE MORE FORCEFULLY WHEN IT APPARENTLY KNEW SEVERAL MONTHS AGO OF THE SERIOUS HEALTH AND SAFETY RELATED VIOLATIONS. IT IS STV'S OPINION THAT CONSTRUCTION SHOULD BE STOPPED FORTHWITH STV IS CONSIDERING LEGAL ACTION IF THE NRC PERMITS FURTHER CONSTRUCTION AT MARBLE HILL WITHOUT COMPLETE INVESTIGATION STV FEELS IT IS NOT PROPER TO EXPOSE SEVERA MILLION PEOPLE TO UNDUE RISKS FOR A SITUATION IDENTIFIED BY NRC EVEN DURING THE CONSTRUCTION PHASE AT MARBLE HILL.
