Marble Hill Nuclear Generating Station, Units 1 & 2
I&E Bulletins No. 78-12, 78-12A, & 78-12B

Dear Mr. Keppler:

This is in response to I&E Bulletin No. 78-12, as supplemented by 78-12A and 78-12B, which is due May 29, 1979.

In our reply, dated March 20, 1979, to I&E Bulletin No. 78-12, as supplemented by 78-12A, Public Service Company of Indiana, Inc. (PSI) had requested an extension to September 13, 1979 to allow sufficient time to enable our pressure vessel vendor (Combustion Engineering) to submit a generic report to the NRC. PSI, therefore, assumes that our response to I&E Bulletin No. 78-12, as supplemented by 78-12A and 78-12B, will be due on September 13, 1979.

Sincerely,

James Coughlin
Vice President-Nuclear
