1717 H. Street NW  
Washington, D.C. 20002

I am concerned about the threat that Nuclear power poses to our lives - and future generations. I have just been informed that Westinghouse Electric Corporation is selling a Nuclear Reactor to the Philippines. Isn't enough that we pollute ourselves - must we export trouble as well? I'm asking that the NRC not grant Westinghouse a license - it may save many lives.

Sincerely, Kim Dunkley
