

Gen. Robert
381 East 272
Eugene Ore
June 18, 1979

Dear Mr. Gerdner,

I am writing to you as a citizen and
resident of the State of Ore.

I understand there is a possibility that
the Burrell-Buss Nuclear Power Plant may
resume operation this week. I am requesting
that you put a halt to this until we can be
sure, by means of public hearings, that the plant
can be run safely. At this point I don't believe
they can, nor can most of the general public.

Very truly yours,
Gen. R. G. G.
