Dear Sir:

I am opposed to construction of the proposed nuclear generating station at Allens Creek, Texas; in Southern Austin County, 45 miles west of Houston, where I live. I believe that my health and well being, and that of my two children will be endangered by the presence of this nuclear generating plant.

Prior restrictions against speaking out on nuclear power have prevented me from registering my opinion.

I am a registered voter who lives within a 50 mile radius of the proposed plant, and I am emphatically opposed to its construction.

Sincerely,
Marlene R. Warner, PhD
