RESPONSE TO 10 CFR 50.54 REQUEST ON PLANT FILL -
FILE 0485.16 SERIAL 7260

Enclosed are ten (10) copies of Revision 2 to Consumers Power Company's response of April 24, 1979 to your 10 CFR 50.54(f) request regarding plant fill dated March 21, 1979.

Revision 2 includes the final response to Questions 17 and 20 (previously identified as interim responses). Revision 2 also introduces the plan to use a permanent dewatering system in lieu of the chemical grouting of sands to eliminate the potential for liquefaction; the response to Question 12 has been updated to reflect this change. A "Summary of Revisions to the 10 CFR 50.54(f) Responses" page identifies all changes included in Revision 2.
