Plant Security Personnel Training and Qualification Plan

Dear Dr. Denton:

In accordance with §73.55(b)(4) of the Commission's Regulations, there are transmitted herewith five copies of the Plant Security Personnel Training and Qualification Plan for Peach Bottom Atomic Power Station.

Since the enclosed Plan contains information related to the details of the physical security plan for a licensed facility, it is hereby requested that the documents transmitted herewith be withheld from public disclosure pursuant to §2.790 of the Commission's Regulations. An affidavit in support of this request is attached hereto.

Pursuant to §170.22 of the Commission's Regulations, Licensee has determined for fee purposes that the review of the enclosed plan should be classified as Class III for Unit 2 and Class I for Unit 3. Accordingly, a check in the amount of \$4,400 is enclosed to cover the review fee.

Very truly yours,

  
Eugene J. Bradley
