Mr Sheldon J. Wolfe  
Atomic Safety and Licensing Board  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Chairman Wolfe,

As I intend to become a full intervener in the hearings concerning the construction permit for Allen's Creek nuclear power plant, I state my reasons as follows; I live within fifty miles of the proposed site, I feel my life is in danger of radiation exposure due to technological imperfections, there is no discriminatory reason why I shouldn't be allowed to become a full intervener. I will specify my contentions upon request. Your cooperation is sincerely appreciated.

Cordially,

  
Gregory J. Kainer
